Note: This table excludes Veterinary Medicine students (296 Vet Med students for Fall 2004). However, this table does include OSU-Tulsa figures for all years listed and will not match the figures for this page in the Student Profile books prior to Fall 2003. The percentage of increase or decrease in enrollment between two semesters is shown in the "% Inc / Dec" column. Example: There was a 6.8% increase in enrollment of new freshmen from Fall 2002 to Fall 2003.

* Fall 2004 New Freshmen counts include 61 First Time Concurrent High School Students. This total will not match the New Freshmen counts found in the other pages of this book. Concurrent Students have been included in order to make comparisons with the previous years on this page possible.

Note: Retention is defined as the percent of enrolled students of a Fall semester who return for the following Fall semester. Example: A student who is enrolled as a new freshman in the Fall Semester 1994 and who was also enrolled as an undergraduate in the Fall Semester 1995 is reflected in the 75.0% continued enrollment figure above. Students admitted to the Graduate College at OSU are counted as graduated. Students admitted to the College of Veterinary Medicine after their third year are also counted as graduated. This table includes Summer 2004 graduates.

Percentages for the "Beginning Freshmen Class of 2003" exclude the addition of NOC hours in calculating full-time status. This revision was made subsequent to printing the Fall 2004 Student Profile, and therefore shows a slight difference in the 2003 percentages. This difference is also reflected on page 69.

Example: A student who is enrolled as a new transfer in the Fall Semester 1994 and who was also enrolled as an undergraduate in the Fall Semester 1995 is reflected in the 68.4% continued enrollment figure above. Students admitted to the Graduate College at OSU are counted as graduated. Students admitted to the College of Veterinary Medicine after their third year are also counted as graduated. This table includes Summer 2004 graduates.

ENROLLMENT PROJECTIONS

OKLAHOMA STATE UNIVERSITY FALL SEMESTER HEADCOUNT ENROLLMENT AND PROJECTIONS

Enrollment at Oklahoma State University increased in Fall 2004 over the previous year by 55 students. Undergraduate retention rates improved significantly in the late 1990's and will continue to have a large impact on enrollment numbers. The addition of OSU-Tulsa and new programs offered in Tulsa will also have a positive impact on overall enrollment in the coming years. The projections in this section are mathematical models based on past enrollments, retention rates, and forecasts of high school graduates.

Forecasts for Oklahoma high school graduates show numbers reflecting an overall decrease throughout the next 5 years. Since the OSU freshman class averages about 80% Oklahoma residents, these forecasts are the primary source of projection numbers for freshman enrollment. The forecasts of Oklahoma high school graduates used in this section are based upon information from the Oklahoma State Department of Education and the State Regents for Higher Education. It assumes that demographic trends such as immigration into and emigration out of the state will remain relatively constant.

While the majority of OSU freshman are Oklahoma residents, the number of out-of-state freshman has shown continual increases over the past years. For the Fall 2004 Semester, the out-of-state freshman enrollment shows an increase of over 100 students. This is due in large part to bolstered recruiting efforts in the state of Texas.

Graduate enrollment at OSU has remained the same this year and is expected to remain stable for the next several years. Nationally, as the economy rebounds and becomes stronger, graduate enrollments may be effected by an improving job market.

In summary, several factors affect enrollment projections at OSU. Some of these factors depend on policy decisions originating with the Oklahoma State Regents for Higher Education and some depend on recruitment policies set by OSU administration. The impact of these policies as well as changing admissions, enrollment, retention, scholarship, and recruiting practices all have a role in determining future enrollment at Oklahoma State University. The Office of Institutional Research & Information Management will continue to monitor developments in these areas and assess their impact on enrollment.

Note: New freshmen projections are based on an expected market share of projected Oklahoma High School graduates. On-campus sophomore, junior, and senior projections are based on cohort survival rates using an average of the previous three years. OSU-Tulsa undergraduates are projected to increase approximately 10% per year.

GLOSSARY

GLOSSARY

Age

A student's age is computed by subtracting year of birth from 2004. Therefore, students born in January 1978 and December 1978 will both be reported as age 26 (2004-1978).

Classification

Classification describes the student level and/or type and includes freshman, sophomore, junior, senior, special undergraduate, special graduate, master, and doctorate.

College

The University is divided into seven colleges: Agricultural Sciences & Natural Resources (ASNR); Arts & Sciences (A&S); Business Administration (CBA); Education (COE); Engineering, Architecture, & Technology (CEAT); Human Environmental Sciences (HES), and Veterinary Medicine. Data for CEAT are sometimes divided into two data sets—one for Engineering & Architecture (ENGR) and the second for the Division of Technology (TECH).

In addition to these seven colleges, students may enroll in University Academic Services or the Graduate College. In this report, students enrolled in the Graduate College are usually distributed for reporting purposes to the respective college that administers their major coursework.

Ethnicity Codes and Definitions

For purposes of reporting OSU enrollment by ethnicity, the total enrollment at OSU excluding internationals (non-U.S. citizens) is divided into the following categories:

- White: All persons having origins in any of the original peoples of Europe (except Spain and Portugal), North Africa (above the Sahara), or the Middle East. This category would include, for instance: Italy, France, the British Isles, Scandinavia, Germany, Russia, Romania, Greece, Turkey, Morocco, Algeria, Libya, Egypt, Iraq, Israel, Saudi Arabia, and Iran. Any person not claiming an ethnicity is categorized as white.
- African American: All persons having origins in any of the original peoples of Africa south of the Sahara.
- Native American: All persons having origins in any of the original peoples of North or South America.

Hispanic: All persons having origins in any of the original peoples of Spain or Portugal. This category would generally include, for instance: Chicanos, Mexican-Americans, Mexicans, Central and South Americans, Cubans, Puerto Ricans, Spaniards, and Portuguese.

Asian: All persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Pacific Islands. This category would include, for instance: China, Japan, Korea, Thailand, Vietnam, the Philippines, Samoa, Indonesia, New Zealand, Australia, and the Indian subcontinent which includes all persons from Afghanistan, Nepal, Burma, India, and Pakistan.

In order to present a set of data regarding OSU enrollment that sums to OSU's total enrollment (including international students), some tables and figures that present data by ethnicity in this report include an additional column or row of data pertaining to the balance of the student body—the international student population.

FTE (Full-Time Equivalency)

Full-time equivalent for undergraduate students is 15 hours. For graduate students, a full-time equivalent is 12 hours. All Veterinary Medicine students are one FTE.

New Freshman

A new freshman is a degree-seeking undergraduate student with fewer than 7 hours of college credit earned before his/her first semester at OSU. College hours earned through advanced placement or through concurrent high school enrollment are not figured into the 7 hour limit. Students who begin as new freshmen during the Summer semester, and continue their enrollment into the Fall semester, are counted as new freshmen for the Fall. This change begins with Fall 2003 counts.

Resident Status

A student is categorized as a resident if he or she was a legal resident of the State of Oklahoma at the time of original admission to OSU. If not a legal resident of Oklahoma at the time of admission,

the student is a nonresident. If the student was a legal resident of a country other than the United States at the time of admission, the student is categorized as an international.

Retention

Student retention is usually expressed as a percentage figure which is derived by comparing the size of a specific group of students who were enrolled at OSU for a given semester to the size of the same group when they are enrolled for a successive given semester.

A non-returning student is defined as a student who was enrolled at OSU for a given semester and who did not graduate and who did not return to OSU for a successive given semester.

Special Undergraduate/Graduate Student

A special undergraduate student is a non-degree-seeking student who has not earned a bachelor's degree from an accredited college or university. A special graduate student is a non-degree-seeking student admitted to the Graduate College.

Type of Admission

A new student admitted to OSU is classified as a new freshman, a transfer student, or a readmission. All other students are classified as returning students, concurrent high school students, or non-degree-seeking students. A transfer student is classified as such only for the first semester that he attends OSU; after one semester, a transfer student is reclassified as a returning student. Similarly, new freshmen are reclassified as returning students after their first semester at OSU (and are sometimes shown as "other freshmen" when presenting data by classification). A readmission student is a student who has enrolled at OSU in the past but who has not been enrolled at OSU during the previous semester (excluding the summer semester).
